We do not assume your debts, make monthly payments to creditors or provide tax, bankruptcy, accounting or legal advice or credit repair services. Our service is not available in all states and our fees may vary from state to state. The use of debt settlement services will likely adversely affect your creditworthiness, may result in you being subject to collections or being sued by creditors or collectors and may increase the outstanding balances of your enrolled accounts due to the accrual of fees and interest. However, negotiated settlements we obtain on your behalf resolve the entity including all accrued fees and interest. CPLD. Reg. No. T.S. 12-03825.
