

Partner With the Leader in Debt Resolution

With You Every Step of the Way

Since 2002, we've been helping people get out of debt faster and for less than they owe. It's what we do better than anyone else, and here's how we do it:

1 Build

While you make recurring deposits into a Dedicated Account according to the schedule you chose at enrollment, our negotiations team creates custom strategies to get you great settlements.

2 Negotiate

When enough funds are in your Dedicated Account, we put your strategy into action. Our experts reach out to your creditors and begin the negotiation process.

3 Settle

Each time a settlement is reached, we immediately contact you for authorization. Your approval is required for each settlement and we do not take a fee until a payment has been made toward that settlement.

The goal? To maximize your savings and get you out of debt as soon as possible.

Track Your Program Progress
